Cal Poly San Luis Obispo Transfer Supplemental Application
Completing the application accurately is a Cal Poly SLO admission requirement. Your application is reviewed by the computer with Cal Poly's selection software. No human reviews the application to determine your admission. Therefore, it is critical that you record the courses in the appropriate section on the application. To ensure that you receive the maximum points for having the requirements completed, use this guide to assist you in putting the correct courses in their designated spaces. In order to accurately complete your application, you will need the following information:

♦ The names of all colleges you have attended
♦ Total units and dates of attendance (whether or not you have completed units while in attendance)
♦ Courses you have completed and the grades earned from the college(s) you have attended (transcripts)
♦ College courses you are currently taking and plan to take.
♦ Cal Poly SLO Transfer Selection Guides (available at http://admissions.calpoly.edu/applicants/transfer/criteria.html)
♦ Major Preparation Articulation Agreements (available at www.assist.org)

All Fall 2020 applicants:
➢ **Must have the following courses completed by the end of Spring 2020 to be considered for admission**
  • 3 semester units of Speech or Oral Communication (Area A1): **COMM 1 or COMM 60**
  • 3 semester units of English Composition (Area A2): **ENGL 1A**
  • 3 semester units of Critical Thinking (Area A3): **ENGL 5, PHIL 3, PHIL 5, COMM 3, or COMM 9**
  • 3 semester units of General Education Math (Area B4): **MATH 1A, 1B, 4, 9, 10, 15, 16, 25, 27, 58, or PSYCH 9**
➢ **Must NOT include courses you plan to take Summer 2020 on the Transfer Student Supplemental Questionnaire**
➢ **Must indicate "In Progress/Planned" in the grade field for your Spring 2020 classes**

AP Tests
If you have taken the AP test for any subject and have received a score of three (3) or better, you may enter three semester units of credit in the appropriate subject area, selecting "Credit/AP (3+)" for your grade. To receive transfer credit for any Advanced Placement Examination, Cal Poly must receive an official test result from the Educational Testing Service. Enter in the test name in place of the prefix (i.e. AP Span).

Quarter or Semester Units
Enter the unit value of the course and whether it was taken on the quarter or semester system. The Cal Poly San Luis Obispo Admission Office will convert all units to the semester system.

How to Enter Coursework
If you took "Introduction to Public Speaking (COMM 1)" and "Communication Skills (COMM 60)", you would add separate courses for each under "Speech/Public Address/Oral Communication." All of the courses must also be reported. *For most subject areas, you will probably only enter one or two courses.*

♦ For courses you have in progress now or plan to take before enrolling at Cal Poly, select "In Progress/Planned". You will not receive grade credit for "Credit/AP (3+)", "Pass", and "In Progress/Planned" courses, but you will get course credit.
♦ If you earned a No Credit ("NC"), No Pass ("NP") or Withdrawal ("W"), do not report the course.
♦ Up to four courses in each subject area may be entered. *If you have taken more than four courses in any subject area, enter the four courses with the highest grades.*
♦ If you were granted Academic Renewal for a course you are not required to report it.
♦ If you have repeated a course because you received a grade of *D* or *F*, and you have received a higher grade and your current transcript no longer reflects the lower grade in your GPA, you **do not need** to report the course with

the lower grade. However, if you are currently repeating a course, or if you plan to repeat a course, you must list the original grade as it appears on your transcript at the time of application.

♦ Round the units on any courses that aren't whole numbers. For example, 1.5units rounds up to 2 and 1.4units rounds down to 1.

♦ There may be a class you completed that was a GE class but is no longer offered. Please work with a counselor to verify this. You can still include that class in the appropriate section.
   ♦ Examples: SPCH 1A is now COMM 1 and CHEM 4A was on the GE sheet before and is now inactivated.

♦ **If a course fulfills both a Major Related course and a GE area it should be entered in both sections. (Enter a grade of "Pass" for the first entry and the actual grade earned for the second.)**

Major Related Courses 1, 2, 3

The following majors require Major-Related Courses to be entered on the application:

College of Agriculture, Food, and Environmental Science	College of Architecture and Environmental Design	College of Business	College of Engineering	College of Liberal Arts	College of Science and Mathematics
Agriculture Business	Architectural Engineering	Business Administration	Aerospace Engineering	Anthropology and Geography	Biochemistry
Agricultural Communications	Architecture	Economics	Biomedical Engineering	Art and Design	Biological Sciences
Agricultural & Environmental Plant Sciences	City and Regional Planning	Industrial Technology & Packing	Civil Engineering	Child Development	Chemistry
Agricultural Science	Construction Management		Computer Engineering	Communication Studies	Kinesiology
Agricultural Systems Management	Landscape Architecture		Computer Science	English	Liberal Studies
Animal Science			Electrical Engineering	Graphic Communication	Marine Science
Bioresource and Agricultural Engineering			Environmental Engineering	History	Mathematics
Dairy Science			General Engineering	Journalism	Microbiology
Environmental Earth & Soil Sciences			Industrial Engineering	Modern Languages and Literature	Physics
Environmental Management and Protection			Manufacturing Engineering	Music	Statistics
Food Science			Materials Engineering	Philosophy	
Forestry and Natural Resources			Mechanical Engineering	Political Science	

Nutrition			Software Engineering	Psychology	
Recreation, Parks, and Tourism Administration				Sociology	
Wine and Viticulture				Theater Arts	
				Comparative Ethnic studies	

Use the following process to determine which courses are designated as Major-Related 1, 2, or 3 & need to be reported:

SRJC Courses

1. **Go to http://admissions.calpoly.edu/applicants/transfer/criteria.html and print a copy of the Transfer Selection Criteria for your major.** The Transfer Selection Criteria guide clearly identifies the CAL Poly SLO courses that fit into the Major-Related 1, 2, and 3 categories. ***Not all majors have all three areas.***
2. **Go to www.assist.org and print the articulation agreement between Cal Poly SLO and SRJC for your major.** Use the articulation agreement to find the CPSLO course listed on the Transfer Selection Criteria guide and the equivalent SRJC course that satisfies the requirement. Make sure to enter only the Major-Related Courses listed on the Transfer Selection Criteria guide. ***Note: If there is no equivalent course listed on the articulation agreement and you have only attended SRJC, then you will not have anything to report in that section.***

Courses from Other California Community Colleges
Use the same process outlined for SRJC courses but use the articulation agreement from the other community college/s you attended.

Courses from California 4-year Universities and Out-of-State Colleges and 4-year Universities
If you are using non-California Community College courses, please consult with a counselor.
